

Recommendation

Mrs. Marion Kaeser-Seitz

Owner QRC Personalberatung International GmbH

Gesellschafter und Managing Partner QRC Group

MKS Consultancy FZ LLC

My experience of working together with Mrs. Marion Käser-Seitz is incredible. She is a very professional, well-organized, accurate, courteous and goal-oriented personality. She asked me for the job description profile of our new employee which we want to hire for our company and then she starts immediately with her candidate research. After a few days she provides already some C.V.s of potential candidates for us. All provided C.V.s fulfill our expectations and needs. Through her excellent analytical skills Marion knows exactly what their clients are looking for and choose only candidates which are matching our requirements perfectly. Regarding the follow-ups for the job interviews together with the candidates, Marion arranges and organizes everything very quickly. Through her great network within the Middle East and beyond as well as her cross-culture skills, she is of invaluable value for Whealth Lohmann Centralin and I am looking forward to continuing our fruitful business relations together with her. I absolutely recommend Marion's recruitment agency (QRC Personalberatung International GmbH & MKS Consultancy FZ LLC) for a professional, reliable and trustful service.
